The first study for the class will  
be the  
Dr. Greg & Erin Smalley series

Typical marital arguments include money, sex, and kids. What if conflict in marriage could be a good thing? In this counterintuitive 6-session DVD series, marriage experts Dr. Greg and Erin Smalley support that fighting is actually healthy for a marriage. This small group curriculum emphasizes that when couples fight, they have the opportunity to get to the real issue that is lurking below the surface. Therefore, if handled well, arguments have the potential to create greater understanding, trust, and connection within a couple's relationship.
